EN 1935: 2002 Test stabdards: EN 1935 : 2002

Corresponds to the national versions (e. g. DIN EN) Test Report 13-000308-PR01 (PB-G02-03-de-01) dated 21 May 2013

Representation

Instruction for use

This test report serves ot demonstrate th requirements of hinges according to EN 1935: 2002.

This test report is not a substitute for the EC Certificate of conformity. The conditions and requirements set out by EN 1935: 2002 for the marking and evaluation of conformity of construction products shall be observed.

## Validity

The data and results refer solely to the tested and described specimen. Classification remains valid as long as the product and the above basis remain unchanged. The results can be extrapolated under the manufacturer's own liability subject to observance of the relevant specifications set out by the applicable product standard. This test/evaluation does not allow any statement to be made on any further characteristics regarding performance and quality of the construction presented; in particular the effects of weathering and ageing were not taken into account.

## Notes on publication

The ift Guidance Sheet "Advertising with ift test documents" applies. The cover sheet can be used as an abstract.

The report contains a total of 23 pages.
